PROJECT DETAILS

Applicant organization
Asociația Română pentru Asigurarea Securității Informației (ARASEC) (RO)
The *Romanian Association for Information Security Assurance (RAISA)* is a professional, non-governmental, non-partisan political, nonprofit, and public benefit association, founded in 2012 as an initiative dedicated to promote the information security.
Websites: www.arasec.ro (RO) www.raisa.org (EN)

Applicants names
- *Iulian ALECU* – Romanian National Computer Security Incident Response Team
- *Ioan-Cosmin MIHAI* – "Alexandru Ioan Cuza" Police Academy, Romania
- *Ionuț STOICA* – Council of Europe, Cybercrime Programme Office
- *Cătălin ZETU* – Romanian Police, Central Cybercrime Unit

Program title: Enhance Cyber Capacity Building in Romania for Preventing and Combating the Cybercrime Phenomenon

Program period: 09/01/2020 – 03/31/2021

Purpose of the program
The program goal is to strengthen the cyber capacity in Romania by raising cybersecurity awareness and improve the skills of criminal justice authorities and private sector in fighting cybercrime.

The program objectives are:
- Raising public awareness on cybersecurity;
- Delivering online trainings for public institutions, private companies, and academia;
- Creating a web platform for promoting cyber awareness and trainings;
- Developing a cyber-hygiene guideline for securing personal computers and networks and best practices for cyber-attacks prevention and mitigation;
- Promoting international cooperation in fighting cybercrime.
