Assistant (name and contact)	
Number of Participants	26 from the MS
Number of Trainers	Approx. 11 from 5 MS and Europol, FRA, Frontex, Eurojust, OSCE
Target group	Investigators and prosecutors as well as other law enforcement staff specialised in THB, in particular in child trafficking, and/or responsible for the interviewing children.
Overall aim	To enhance the capacity of law enforcement officers in identifying child victims and in tackling child trafficking.
Learning strategy	<p>The learning strategy is focused to support the participants to achieve the learning outcomes by following a learner-centred approach and interactive, participatory, practical and experiential principles in accordance with andragogic theory.</p> <p>The activity involves didactic learning through presentations by subject matter experts, experiential learning by group work as well as role play. Some preparatory assignments will be given to prepare for the activity.</p>
Assessment strategy	<p>In order to ensure the participants in this residential training activity will indeed meet the target group requirements, they are asked to complete the Participant Profile for pre-selection.</p> <p>The assessment strategy during the activity will be summative and with a focus on the learning process and not on a grading. Participants will be given the opportunity to write a “Reflective learning log” at the end of each day. This is to support participants’ awareness and assessment of their own learning process.</p> <p>A second summative assessment will be conducted by the participants at the end of the activity in form of online feedback, which is a condition for receiving the Attendance Certificate. The outcomes will feed into a Trainers’ Report, which will be used for quality enhancement of the activity, if reiterated.</p>
