

Multilateral Internship Programme 2020 for German-speaking Civil/Commercial Judges and Criminal-Court Judges/Public Prosecutors

Programme Description

IRZ will in 2020 – in cooperation with the German Association of Judges (Deutscher Richterbund) and the Ministries of Justice of the federal states of Germany – organise internships for German-speaking **judges for civil and commercial cases** and for **criminal-court judges and public prosecutors**.

A very good command of the German language is essential for the participation in the internship programme.

The internship programme for the **judges for civil and commercial cases** and for the **criminal-court judges and public prosecutors** will take place from 17 November to 4 December 2020.

The arrival of the participants is scheduled for 17 November 2020. During the period from 18 - 21 November an introductory course will take place in Königswinter near Bonn. Depending on their field of specialisation, the participants will at times deal with civil and criminal law issues in separate working groups. On 22 November the participants will travel to the respective locations where the internships will take place.

During the period from 23 November to 1 December the participants will have the opportunity to get to know the practice of their German colleagues and to exchange views and experiences. For the judges for civil and commercial cases the internships will take place at local and regional courts, for criminal-court judges and public prosecutors the internships will be organised at local and regional courts and at public prosecutors' offices.

On 2 December the participants will travel back to Königswinter, where an evaluation seminar will be held on 3 December. The return to the home countries is scheduled for 4 December 2020.

The organisers will provide the participants with the following benefits:

- free board and lodging during the seminars in Königswinter
- travel costs from Königswinter to the place of internship and from there back to Königswinter
- free accommodation (depending on availability in a host family or a boarding house) during the internship period
- a monetary subsistence allowance for necessary expenditures during the internship period in the amount of 250 €

The travel costs to and from Germany have to be borne by the participants.

It is intended to provide one place for a civil/commercial judge and one place for a criminal judge/public prosecutor per participating country. In case that there will be vacancies in the

programme if invited countries do not nominate candidates, a second place for a civil/commercial judge or for a criminal judge/public prosecutor may be granted.
