EAW AWARE is a series of seminars on the European Arrest Warrant (EAW) (Council Framework Decision 2002/584/JHA) and Criminal Justice Cooperation in Europe, bringing together practitioners from all over Europe for discussions and exchange of first-hand experience of using the EAW in the European Union.

This special online event covers challenges posed by the COVID-19 pandemic, comparing effects and responses of different criminal justice systems in European jurisdictions and discussing specific issues in the application of the European Arrest Warrant in the times of Covid-19

*Co-funded by the Justice Programme of the European Union*
